

😊 Back to School 😊

A Social Story

My school has been closed.

I have not been to my school for a long time.

My school has been closed because of Coronavirus. I stayed at home.

My school will be open again soon.

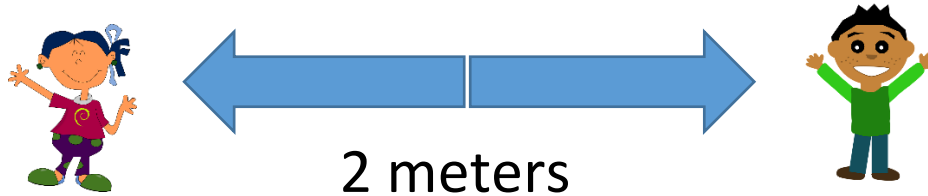

Going to school will be good. 👍

I will see my friends and teachers.

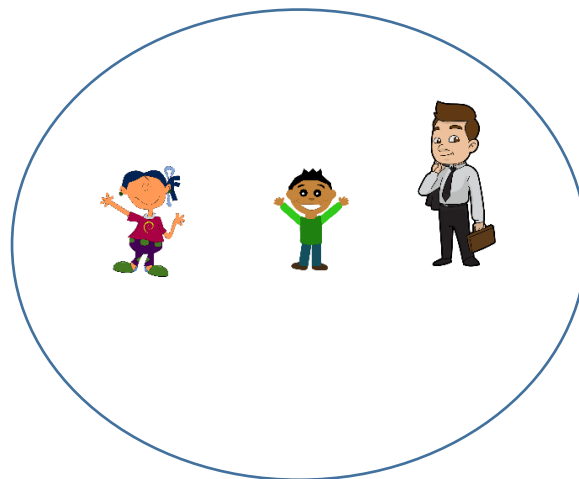

School will be a bit different but school will still be fun. 👍

I will try to stay 2 meters apart from other pupils and staff.

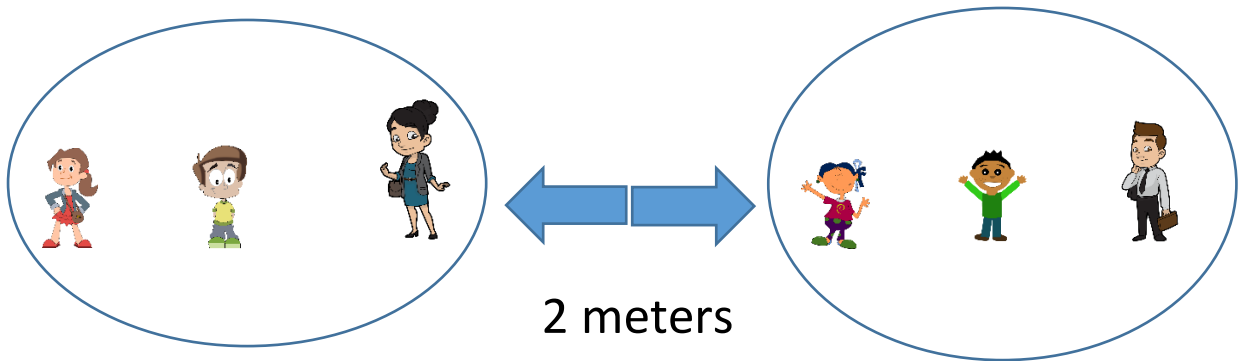

I will stay safe in my group.

It will be my 'bubble' (it is not a real bubble) There may be other pupils and staff I know in my bubble.

There will be different groups in their own bubbles.

I will try to stay 2 meters apart from the other 'bubbles' of people.

I can wave hello to my friends.

I will not give hugs or high fives.

Washing my hands is very important.

I will wash my hands often in school.

Happy Birthday

X2

There will be signs in school to remind me to wash my hands.

Going back to school is going to be okay.
